

2nd Annual
2026 NonProfit Grant Application
for Complimentary Graphic Design

406-670-2078
PO Box 635 • Billings, MT 59103
www.karenklementdesigns.com

About the program:

We're excited to share an opportunity created specifically for nonprofit organizations like yours! This initiative offers complimentary graphic design services to help you promote your events and highlight your mission more effectively.

Our goal is to provide you with professional, visually compelling materials that draw attention, inspire action, and strengthen your outreach.

If you're interested in applying, simply complete the application. Tell us about your organization's needs, your goals, and how you believe design can help advance your mission. Each application will be carefully reviewed, and selected nonprofits will receive dedicated design support tailored to their projects.

We look forward to partnering with passionate leaders like you and shining a spotlight on the important work your organization is doing!

Application Review Team:

Our application review team brings a wealth of diverse expertise and representing fields beyond design. Each member contributes unique insights and perspectives, ensuring that selected organizations are evaluated with a well-rounded understanding of their impact and logistical needs. Their combined backgrounds allow them to consider each application thoughtfully, recognizing the importance of clear, impactful communication in every industry. This multidisciplinary approach ensures that nonprofits chosen for the program are strategically supported to maximize the effectiveness of their outreach.

Selection Results:

Upon selection, applicants will receive a formal letter outlining the specific value of the donated design services. This letter, which details the donation amount, will be sent out at the end of January 2026, allowing each organization to include it in their records and reflect the support they've received. *Note: Selected applicants will receive a line of credit. No money will be transferred.*

Optional Services:

In addition to our free graphic design services, Karen Klement Designs also offers professional printing options to bring these designs to life. While the design work is provided at no cost to selected nonprofits, printing services are available as an added option and are not included in the complimentary program. Organizations that choose to utilize our printing services will benefit from high-quality materials at competitive rates, ensuring their visuals have a polished and impactful look. This flexibility allows nonprofits to customize their experience based on their needs and resources, empowering them to create lasting impressions within their communities.
